Re: Sawridge Band Inter Vivos Settlement (1985 Sawridge Trust); QB Action No. 1103 14112

We write further to Ms. Bonora's letter of March 23, 2022 attaching two draft forms of order arising from your February 4, 2022, decision in the above noted matter.

Draft Order #1 was originally proposed by the 1985 Sawridge Trustees. However, after discussion among the parties (1985 Sawridge Trustees, Catherine Twinn and the OPGT) agreement was reached on Draft Order #2. Subsequently the intervener, Sawridge First Nation, expressed disagreement with Draft Order #2 resulting in Ms. Bonora's letter to you.

The OPGT takes the position that Draft Order #2 more accurately and completely reflects the advice and direction of the Court to the 1985 Sawridge Trustees set out in the Court's decision, is acceptable to all the parties, and should be approved.

All of which is respectfully submitted,
