Your Lordship:

**Re: Action No. 1103 14112 - 1985 Sawridge Trust  
Request for Case Management Conference**

We write on behalf of the Parties and further to your letter of October 24, 2023, which is enclosed for your ease of reference. Also, for ease of convenience, I am attaching the form of application that our clients have instructed us to bring in this matter.

Please let us know if there is any further information we can provide in order to assist the Court in appointing a case management Justice or advising that we may continue to make applications to Justice Henderson. The Court of Appeal provided its latest decision on November 14, 2022 and there has been no progress in the litigation since then. The Parties are eager to move forward.

We look forward to your response.

Yours truly,
